## LIST OF FARMS IN SPRINGFIELD.

This well-known Municipality is near Winnipeg, with which it has communication by railway and turnpike roads, and is connected by telegraph and telephone. It is the oldest settled of the rural municipalities and is well supplied with churches of the various Protestant denominations, and numerous public schools. Its municipal government is economical, and has supplied it with turnpiked road, drains, bridges and other improvements, while its nearness to the Winnipeg market, its excellent land, good water, abundance of timber for building, rails and fuel, make it specially adapted for mixed farming and stock raising purposes.
